

Kate really wants a new phone.

*Her neighbour has offered to pay her
to do a job, but it is at the same time
she normally goes to church.*

*Josh has decided to wait until he is
older and has more money
before he starts giving some of
his pocket money to charity.*

*Jessica feels like she doesn't fit in
because her clothes are out-of-date
and she never has new stuff
like her friends.*

Dan rarely sees his wife and kids

as he works such long hours.

He takes them on an overseas holiday

each year to make up for it.
